

LTA Official Media Update

28 December 2019

Stay at Home do not travel during the current weather event.

The LTA guidance on travelling is consistent during this weather event. **DO NOT TRAVEL!**

The DO NOT TRAVEL guidance is to ensure your safety. Although many roads are open the weather event makes using roads a highly risky endeavour. Don't take chances.

The LTA also wishes to advise its Defensive Driving Course (DDC) participants for Valelevu that the DDC course for today has been cancelled and you will be advised on your DDC date when weather normalizes.

You may contact Team Leader Road Safety on 9994461 for your DDC.

-End-
