

## Dear Valued Customers,

The Land Transport Authority (LTA) wishes to advise that it has re-engaged Japan Export Vehicle Inspection Center Co. Ltd (JEVIC) as an agent for Offshore Vehicle Verification and Inspections.

To ensure that quality of used imported motor vehicles are maintained, JEVIC will be conducting inspections on all used motor vehicles exported from Japan, New Zealand and Australia to the Republic of Fiji Islands.

The responsibility of an Offshore Vehicle Verification agent will be to assess and evaluate the conditions of used motor vehicles prior to importation into Fiji.

The LTA will be conducting a stakeholder consultation on Offshore Vehicle Verification and Inspections in due course and hence would also like to invite all Authorized Motor Vehicle Dealers (AMVD's) to register themselves for this consultation.

Interested AMVD's are requested to contact the following LTA personnels to register their interest and attendance for the consultation;

John Macarthur  
**Mechanical Engineer**
