

PUBLIC NOTICE

PSV PERMIT CONDITION COMPLIANCE

The Land Transport Authority (LTA) wishes to inform all Public Service Vehicle (PSV) Permit holders/operators that it is mandatory for all permit holders to fully comply with their approved permit conditions, route, and timetable at all times. An operator may not operate a variation to an approved permit until such approval has been given in writing from the Authority.

In light of the **Land Transport Authority (Public Service Vehicles) Regulation 12(1)** *“The Authority may cancel, vary or suspend a permit if a condition subject to which permit was granted has not been complied with and the Authority is satisfied that breach is serious, frequent or causes inconvenience or danger to public”*.

Samuel Simpson
Chief Executive Officer
