

RURAL SERVICE LICENSE (RSL) CONVERSION

The Land Transport Authority (LTA) wishes to inform all Rural Service License (RSL) permit holders/operators that effective from 1st January 2018 all RSL Permits are to be converted into LM or LC based on the vehicle construction type.

Pursuant to Land Transport (Public Service vehicles) Amendment Regulation 2018, Regulation 18 A (6)

(d) “A rural service license issued before 1st January 2018 is deemed to be either-

(i) A minibus permit, if the rural service license was issued in respect of a vehicle that is similar in construction to a minibus; or

(ii) a road permit in respect of a carrier license, if the rural service license was issued in respect of a vehicle that is not similar in construction to a minibus; and

(e) “any permit held by a person that is not a resident is cancelled and such cancellation is effective from 1st February 2018, unless the permit is otherwise sold to a resident and the transfer is notified to the Authority on or before 31st January 2018.”

The Authority is urging all RSL Permit Holders to visit their nearest LTA Branch Office to facilitate the above mention conversion.
